Personal Profile

I am a software developer with 4+ years of professional experience focused on translating ambitious designs into lightning-fast, modern web applications.
Ready to launch a highly performant and stable web application? Invite me to your job or send a quick message to discuss your goals.

My portfolio can be viewed here. Portfolio.

Experience

Sterling Wells Nepal, Senior Associate
Kupondole, Lalitpur
Feb 2026 – Present

- Architected and scaled frontend foundations across a multi-application monorepo, establishing reusable core UI components and design systems.
- Collaborated directly with executive leadership, product managers, QA, and sales to align technical roadmap execution with business goals.
- Accelerated feature shipping by integrating AI-driven developer workflows and resolving critical high-priority production issues with zero downtime.
- Delivered complex end-to-end features, driving full-stack development with a primary focus on frontend architecture and supporting API integration.

Fitappio, Senior Front-End Developer (Freelance)
Remote
Aug 2025 – Present

- Refactored the existing codebase to improve performance and support new feature implementation.
- Developed a real-time chat system and intricate data visualization charts.
- Managed development tasks using Agile methodologies, collaborating closely with cross-functional teams (Design, QA, Backend).

CodeDrops Tech,Front-End Developer
Kapan, Kathmandu
Aug 2024 – Dec 2025
